Exit Slip

- 1 In one or two sentences, summarize the most important thing you learned in today's lesson.
 There are software games that statisticians are coming up with which is pretty neat given that they aren't known for their software engineering skills.

- 2 What is one question you have or one concept from the lesson you would like more of an explanation about?

When you have a machine based sport like F1 where all the assets are near perfection what kind of statistical analysis take place to make some of the machines outliers in the field?
